

New York State Society of
Oral & Maxillofacial Surgeons

CANCELLATION POLICY

A full refund will be issued for cancellations made before March 28, 2025. Cancellations received after March 28, 2025 are non-refundable. Refund requests due to unforeseen circumstances will be considered on a case-by-case basis.

CONTINUING EDUCATION

New York State Dental Association is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE Provider may be directed to the provider or to the ADA CERP at www.ada.org/cerp.

NYS Dental Association designates this activity for four (4) continuing education credits.

Dr. Cullum will disclose any financial relationships relevant to the presentation.

LOCATION

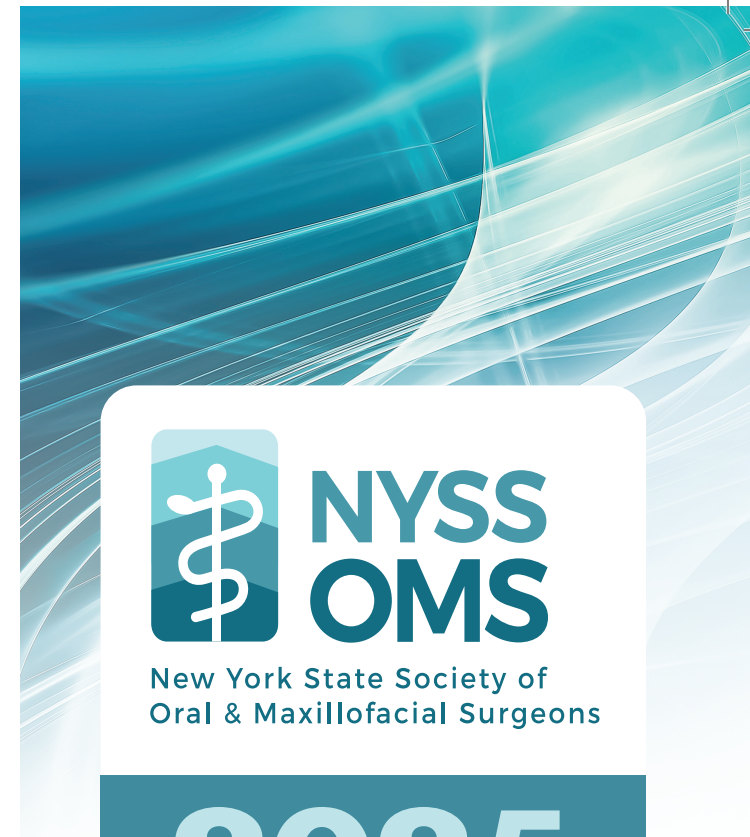

Weill Cornell Medical College
Uris Auditorium
1300 York Ave. @ 69th St.
New York, NY 10065

PARKING

Parking is available at the Main Hospital Entrance on 68th St. east of York Ave. Private parking garages are also located in the surrounding neighborhood.

20 Corporate Woods Blvd Suite 602
Albany, New York 12211

2025
ANNUAL MEETING

Sunday, April 6, 2025

Featuring

DANIEL R. CULLUM D.D.S.

**Minimally Invasive
Implant Reconstruction:
28 Years – Predictable,
Rewarding & Fun**

4 CE Credits

Weill Cornell Medical College
NEW YORK CITY

Sunday, April 6 PROGRAM

8:00 – 8:45	Registration & Continental Breakfast
8:45 – 9:15	Business Meeting
9:15 – 10:30	Lecture
10:30 – 11:00	Coffee Break
11:00 – 12:30	Lecture
12:30 – 1:15	Lunch Break
1:15 – 2:30	Lecture

PRESENTATION

This course will teach advanced minimally invasive techniques for open wound and tunnel grafting, enhanced wound healing, immediate management of esthetic zone, single and multi-rooted extraction sites and advanced crestal sinus elevation. We will present “State of the Art” treatment used to manage the spectrum of anatomic defects encountered in daily practice, demonstrating predictable outcomes after 28 years of development and experience. Digital planning and dynamic navigation surgery provide a paradigm shift in predictable implant treatment for optimal outcomes. Surgical instrumentation, selection of graft materials, use of Amnion/Chorion and biologics to up regulate wound healing, will also be presented. Participants will learn techniques offering faster healing interval, stable long-term results and minimal discomfort. Applications of Cone Beam CT imaging, anatomic evaluation, case selection and progressive skill development can avoid potential complications for predictable patient centered outcomes.

OBJECTIVES

At the end of the presentation, attendees should better understand:

1. Identify the role of CBCT diagnosis, planning and navigation software as indicators of technique selection, risk prevention and treatment in patient centric care
2. Select surgical treatment options based on anatomy and host factors to enhance outcomes, reduce treatment time and morbidity in management of vertical and horizontal alveolar deficiencies
3. Explain the indications and applications of modified end cutting drills, osseodensification, piezosurgery, hydraulic and modified osteotome techniques in contiguous and advanced crestal sinus elevation
4. Understand the anatomic and implant design parameters for implant positioning and primary stability to optimize immediate and long-term success

SPEAKER

Daniel R. Cullum

Dr. Cullum completed his DDS with distinction at the University of Alberta, Canada and a general practice residency and specialty training in Oral and Maxillofacial Surgery at Westchester Medical Center, New York. He is a diplomat of the American Board of Oral and Maxillofacial Surgeons. Dr. Cullum is on faculty as a Visiting Lecturer at UCLA, Departments of Oral and Maxillofacial Surgery and is Past-Chair, Department of Surgery, at Kootenai Medical Center. He practices oral and maxillofacial surgery in Coeur d’Alene, ID, with an emphasis on patient-centered care utilizing immediate and minimally invasive techniques in esthetic implant reconstruction. Dr. Cullum has developed a number of innovative techniques and continues to teach and study internationally.

PUBLIC HEALTH NOTE

Developments related to public health conditions may cause a change or even cancellation of this meeting. Registrants will be notified of any such changes when we learn of them.

HOTEL RESERVATIONS:

A hotel room block for this meeting has been reserved at The Lotte New York Palace Hotel. This is a wonderful hotel and NYSSOMS members can reserve rooms for just \$329/night for Friday and Saturday nights. Please note that this block expires on March 4 and rooms will then be at market rate, so be sure to book now.

To reserve a room call 212-303-7760 and ask for the NYSSOMS Room Block. You can also reserve online by visiting, <https://tinyurl.com/NYSSOMS-2025>

FEE INFORMATION

<input type="checkbox"/> NYSSOMS Member	<input type="checkbox"/> \$250
<input type="checkbox"/> NYSSOMS Life Member	<input type="checkbox"/> \$150
<input type="checkbox"/> AAOMS Member	<input type="checkbox"/> \$275
<input type="checkbox"/> OMS Resident	<input type="checkbox"/> \$50
<input type="checkbox"/> Non-AAOMS Member	<input type="checkbox"/> \$450

To register online: <https://tinyurl.com/SpringConf25>
or call **800-255-2100**

There is an additional \$25 charge for on-site registrations.

NOTE: This is an in-person only meeting
